## PRE-PAID SHORT CONSULTANCY

### 2023

FoodLawSolutions is happy to assist you with practical solutions for nutritional and regulatory questions. I offer short-term consulting on a prepaid card basis. An optimal collaboration, in which the strength lies in quickly and smoothly responding to a specific request.

How does it work?

Based on the standard fee (€150/hour), you can buy a number of consulting hours in advance. These hours are used for ad hoc tasks on request. You can choose from the following options: 10, 20, or 40 hour prepaid.

Details:

- Pricing of prepaid:
  - o 10 hours €1400
  - o 20 hours €2600
  - o 40 hours €4800
- Any travel costs incurred on request will be calculated as follows: travel time at 25% of the consulting rate. Miles are included in this rate and are not invoiced separately.
- An overview of the used hours is kept and shared via email after 50% of the total balance has been used. The status of the prepaid card can be requested at any time (email).
- Invoicing takes place after work has begun.
- The validity of the prepaid card is 1 year after the start of work. No refunds are given for unused hours.
- Prices are excluding VAT, general terms and conditions apply.
